OUTLINES.

Governor Haskell, of Oklahoma, wrote an open letter to President Roosevelt yesterday, requiring of him an explanation in regard to the lease of 680,000 acres of land of the Ozaga Indians to the Oil trust. He charges that the President refused consultation with the indians while negotiating with the Standard agents——In a short interview last night W. J. Bryan emphatically denied making a speech in Congress against the granting of pensions to soldiers, as he has been charged by a Republican paper——An effort to dynamite a New York school was discovered by the janitor yesterday. When the plot became known the parents of the school became greatly alarmed——Philadelphians yesterday suspended business to celebrate the 225th founding of their city. There was an immense military parade and the unveiling of a tablet marking where Rochambau's army camped on its way to Yorktown ——Positive denial is made at the White House of the rumor that Roosevelt will take the stump for Taft——Kern, the Democratic nominee for Vice President spoke in Asheville yesterday. There was an immense crowd present many of them farmers from a distance who joined the parade on their mules——In Cincinnati yesterday Nicholas Longworth denied that he had in a speech in Rock Island, Ill., predicted or advocated the return of Roosevelt to the Presidency eight years hence——Mr. Josephus Daniels writes another letter to Attorney General Bonaparte on asking for information as to trusts prosecuted under the present administration——The medical board which examined Colonel Stewart declares him physically unfit for active service——Governor Comer asks aid of the President and Attorney General in the matter of increased inter-State freight rates from that State——Tiflis armed at Port Arthur, Texas, reports picking up a raft at sea on which were a dead body and the sole survivor of the wrecked schooner Blulap McCabe——New York markets: Money on call easy at 1 to 1 1-4 per cent., ruling rate, closing bid and offered 11-4, time loans very dull and firm. Flour steady but slow. Wheat steady, No. 2 red 105 3-4 to 106 1-8 elevator. Corn easy, No. 2 86 nominal elevator. Oats spot quiet, mixed 53. Rosin and Turpentine quiet. Cotton closed quiet, 10 points down, middling uplands 9.05, middling gulf 9.30.

Do you reckon Hearst will return those stolen letters after the election, with an apology for keeping them so long?

Treasurer Sheldon, of the Republican national committee, seems to consider it better for him to keep quiet than to attempt an explanation.

Hearst has been dabbling in New York city politics long enough to know how and where to get damaging evidence against politicians he wishes to down.

The News and Observer urges all Democrats in North Carolina, who have not yet aided the Bryan-Kern fund to do so at once as there is need of money at national headquarters.

Considering that North Carolina is surely a Democratic State the national committee has done well by the people here in making appointments for some leading speakers in the party.

An exchange says "British newspapers can't understand President Roosevelt's personal intervention in campaign mud-slinging." That's because they do not know Roosevelt's real character.

The Greenville Reflector truthfully remarks that it would set North Carolina back several years if the Republicans were to gain control of the State, and with equal truth adds: "But they are not going to get it."

Which shows the dirtier politics, the conduct of the men Hearst has been denouncing—provided, of course, his charges are true—or Hearst's conduct in the manner of securing the alleged information on which he has based his charges?

The Charlotte papers are rejoicing over the fact that the city fathers have "introduced a street sprinkler." We did not know that Charlotte was so far behind the times as not to have this necessary adjunct to a real live city's street cleaning outfit.

It is reported that Senator Bailey will leave Texas and make his home in New York for the future. This would indicate that, while he won out in his fight for renomination to the Senate, it has been made too hot for him in Texas.

An exchange remarked the other day that when a lawyer became a member of Congress he should retire from all law practice. We can't see it that way. It should not be hard for an honest man to decide in what cases he could take fees from proposed clients and in what ones it would be improper.

...AS CIRCUS DAY

Great Crow... Two Performances of Cole Brothers' World Toured Shows Yesterday.

EXHIBITIONS WERE GOOD

Street Parade Marked Return to Good Old Days of Long Ago—Inconvenience of Grounds, Only Obstacle Here—Notes.

Cole Brothers' Shows for the two performances given in this city yesterday met fully the expectations of the two large audiences which witnessed them at Hilton Park. It was perhaps the unanimous opinion of all who visited the grounds that the shows made good in every particular.

It is estimated from the official figures of the street car company that fully 8,000 people saw the two performances yesterday and that fully 5,000 visited the grounds on Sunday to witness the always interesting spectacle of unloading the animals and to look the ponies over. Yesterday between 12,000 and 13,000 fares were collected on the cars, indicating an attendance of 6,500 while many, on account of the remoteness of the grounds from the car terminal, went out in private conveyances or walked all the way. The tents were pitched immediately inside the old baseball enclosure at Hilton and the cars upon their arrival early Sunday morning from Rocky Mount were unloaded from the Coast Line tracks in close proximity. The shows left last night for Newbern and Kinston where exhibitions will be given today and tomorrow.

Not only did Wilmington people well sustain their reputation as circus-goers but the surrounding towns and counties contributed their quota. An excursion of about 100 came up from Southport on the steamer Wilmington, returning after the night performance and many came in on the regular trains morning and early afternoon. The parade early yesterday afternoon was witnessed by hundreds from all points of vantage along the route, which embraced the principal streets of the city, and it was the verdict of all that the return to the old-fashioned street pageant was to be encouraged. The horses were in fine trim, the bands were good, the clowns were funny, the ponderous elephants did not fail to attract attention and the steam calliope, without which no circus parade is complete, was "right there with the goods."

The weather was clear and bracing for the afternoon performance, which was in every way satisfactory. The acts in the two rings and on the platform went along with a ginger and a snap that was refreshing and the costumes and all other paraphernalia of the performers were bright and clean. The trapeze work, the wire performing and the bicycle riding of the Stirk family was perhaps the best of the many features of the big show. The representation of noted groups of statuary immediately following the grand entree was classical and creditable. The clown feature of the show was perhaps as good as was ever seen here and the races were run with that vim and dash that gave a realistic effect. The menagerie of the Cole Brothers' show is not large, but it is select and after all is as much as one should have a right to expect except from the gigantic enterprises making claim to International importance.

Wilmington is very critical on the question of shows and circuses and it is a really high tribute to Cole Brothers to say that they gave satisfaction in every particular.

Superintendent of Transportation John Sheehan had returned from his vacation in the mountains to give the car service during the day his best attention and the large crowds were handled with safety and dispatch. Ten-minute four-car sections were run all day over the entire belt, four of the large suburban cars having been placed on the city line for the traffic, and the public had no cause for complaint in the excellent service that was given.

Police Uniforms Contract.

The Mayor, as chairman of the Police Committee, will today at noon open bids for the Winter uniforms of the police, the awarding of the contract having been postponed ten days ago. Mr. M. O. Bridge, of the M. C. Lilley Co., and a representative of Jacob Reed's Sons & Co., will be here to submit bids to the committee.

PUBLIC SCHOOL OPENING

Increased Attendance at All Institutions, Both White and Colored. Grades and Classes Organized and Lessons Assigned.

The Wilmington Public Schools, both white and colored, had a most promising opening yesterday, the first day's enrollment having exceeded that of last year by possibly several hundred. With a single exception in the case of slight illness, all the teachers were in their places for the opening exercises and the outlook for a fine year's work was never brighter.

The total enrollment in the three white schools yesterday was upwards of two thousand. At the High School 240 were enrolled, the freshman class alone numbering more than a hundred; at Union School, 1,000 in round numbers and at Hemenway 700. While the reports to Supt. Blair were not complete last night, it is safe to say that the colored schools showed a corresponding increase in attendance. The total enrollment in the white schools is expected to reach 2,300 before the week's end, as many do not register the first day. At least 50 additional students are expected at the three white schools today.

Yesterday only a short session of the school was held the work being largely in enrollment, distributing booklets and assigning lessons for the regular work beginning this morning. At the High School not a few of last year's graduates appeared on the campus during the morning to assist in the time-honored custom of properly initiating the freshmen into the dignity of high school curriculum. By the end of the week it is expected that all the schools will be down to hard work and teachers and pupils alike have so entered into the spirit of their work that there is nothing but bright augury for a most successful year.

OFFICER HOLT DEAD.

Popular Member of Police Department Died Suddenly Early This Morning.

Officer George R. Holt, one of the most capable and most popular members of the Wilmington police department, died suddenly this morning a few minutes after 12 o'clock at his home, No. 619 South Sixth street, of valvular disease of the heart. For several months Mr. Holt had been in poor health and he, as well as many of his friends, knew that the end was likely to come at any moment, though the announcement of his death this morning came as a great shock to the family and those who knew him so well.

Shortly before last midnight after he had retired, Mrs. Holt noticed that her husband was breathing heavily and knowing that he was subject to such attacks, she hurriedly summoned neighbors and physicians were called. Dr. C. P. Bolles, the first to arrive, found that the breath of the brave and noble officer had already passed out forever. Mr. Holt was 43 years of age and had for a number of years been a member of the police force. For two and a part of three Summers he had been policeman at Wrightsville Beach and was well known by many people from all parts of the State. Powerful of build, with a heart as big as his physique, a kind word for everybody, retiring in his disposition and with an eye ever single to duty, popular "Mannie" Holt, as he was effectionately known, will be sadly missed in this community. Only yesterday afternoon he was on duty at the show grounds, but went home early, complained of being tired and went to bed early. During the night he suffered a recurrence of the attack of heart disease and was dead within in hour.

Mr. Holt is survived of his immediate family only by his wife, but there also left to mourn their loss an aged mother and one brother, residing on Myrtle Grove Sound, and two sisters, Mrs. R. F. Rowan, of this city, and Mrs. William Gregerson, of Cape Fear township.

The funeral will be conducted at 3 o'clock this afternoon from the residence and the interment will be on Masonboro.

IN THE MAYOR'S COURT

Sixteen Defendants Tried in Police Court Yesterday Noon.

The session of the police court yesterday at noon was a record-breaker for the number of cases disposed of at a single session during the past two months. Sixteen defendants on various charges were tried and of this number five were sentenced to serve terms on the county farm, one was bound over to Superior court, and others on frivilous charges were released with fines and costs.

Ellen Evans, Louise Robertson, Lugina Backers and Mary Norman, all colored, for disorderly conduct, were given 30 days each, and John Day, a white man, on the same charge, was sent to the farm for 30 days. Will Allen, colored, alleged to have assaulted James King with a pistol, was placed under $50 bond and in default was sent to jail to await trial in the higher court.

Seminole Wil go to Norfolk.

The revenue cutter Seminole has been orderd to Norfolk, Va., and will lave tomorrow. Later she will proceed to a Government shipyard, where she will be thoroughly overhauled. This work will require probably two months.

AFFAIRS OF COUNTY

Board of Commissioners of New Hanover in Regular Monthly Session Yesterday.

MUCH ROUTINE BUSINESS

Chairman Authorized to Effect Sale of Road Bonds—Delegate to Greensboro—Grand Jury Report and Other Matters.

The Board of County Commissioners was in regular monthly session yesterday afternoon at the Court House, but aside from authorizing the chairman, as soon after the general election as possible, to effect a sale of the bonds recently voted, acting upon recommendations made by the grand jury at last week's term of the Superior Court, and arranging for representation of New Hanover at the forthcoming Good Roads Congress in Greensboro, very little of interest except routine business was considered.

The Board met at 3 o'clock, Chairman McEachern and Commissioners Robertson and Vollers being in attendance. Louis Goodman, Esq., appeared before the Board, asked and was granted permission to hold the Elksfest in Wilmington the week of November 2nd, without the payment of license taxes, the same being for charitable purposes.

A petition from numerous citizens asking that the commissioners make a public road of the thoroughfare from the colored church on the Castle Haynes road, about 5 3-4 miles from the city, to Rose Hill landing on Northeast river, was referred to the Roads and Bridges Committee. The petition was presented by W. D. Rhodes, Jr.

John McKoy, of Cape Fear township, was granted $2 per month out of the outdoor poor fund. Poll tax was abated to Tom Bennett on account of physical disability. William Streeter, colored, of Harnett township, was allowed $2.50 per month for four months out of the outdoor fund, to reimburse him for a horse lost during the recent floods.

The Board heard at some length Mr. A. P. Gilbert, of Durham, representing the Kelly-Springfield Road Roller Company, of Springfield, Ohio, who called attention to the forthcoming Good Roads Congress in Greensboro and spoke of its importance to the State. While the county is not in the market just now for a road roller, the Board heard with pleasure Mr. Gilbert on the merits of his machine.

Road Superintendent Hocutt reported use of 58 cars of material on Masonboro road during the month, half mile of same having been completed and half a mile graded. Six cars of material were furnished to the city. Greenville Sound road was strawed during the month. The work on the roads was done with 16 convicts and 10 carts. During the month 136 days were lost by convicts on account of sickness and two and a half days by the entire force, consisting of 80 men, on account of rain.

The Register of Deeds reported 29 marriage license issued during the month and $27.55 paid into the treasry as fees therefrom. The Superintendent of Health reported four cases of diphtheria and three of typhoid fever during the month; 139 patients treated in the office and 11 at their homes. Some chills and one case of continued fever constituted the sickness in the public institutions during September.

The report of the grand jury at last week's term of court was read and recommendations therein noted. Arrangements were already under way to carry out some of these recommendations before the report was made. As to the condition of the Castle Haynes road from the railroad to Smith's Creek bridge about which complaint was made, the County Commissioners recognized that while the section of the defective road was largely in the city limits, they would see to it that same is repaired and rebuilt at once.

A complaint from the Tidewater Power Company that signs on the public road are obstructing the view of persons in private conveyances at the Bradley's Creek crossing of the suburban line tracks, was referred to the Roads Committee with power to act.

Superintendent Hardee, of the County Home, reported six white and 12 colored patients, one white and 28 colored convicts in the institution during September. The County Attorney reported $143.65 back tax collections during the month.

Chairman Vollers, of the Public Building Committee, read a requisition from the Sheriff for certain articles for the jail, including blankets and hammocks, which were ordered, regular inventories of these supplies to be furnished the Sheriff each month hereafter.

A communication was read from State Geologist Joseph Hyde Pratt in regard to the Good Roads Congress at Greensboro October 13th, and Superintendent Hocutt, of the New Hanover roads, was appointed a delegate to the meeting. Chairman McEachern and other members of the Board also expect to attend, Commissioner Robertson being chief marshal of the Pythian Parade, which will be one of the features of the centennial exercises to take place simultaneously.

Contract for feeding the live stock for the month of October was awarded to the B. F. Mitchell Co.

Chairman McEachern reported the carrying of the bond election for continuing the road improvement and the chairman was authorized to make due advertisement for the sale of same, the concensus of opinion being that a sale should not be effected until after the general election when the financial skies have had time to clear. The bids will be opened on November 23rd.

The Permanent Roads committee was authorized to purchase eight new mules for the road work, the haul on the Masonboro road having been greatly increased in length, and to sell or exchange such of the live stock now on hand as may be unfit for the service.

SUPERIOR COURT SESSION

Watterworks Case Continued for Plaintiff Until Next Term—Arrangements Made For Trial of Others—Two Divorces.

Superior Court for the first week of the civil term convened yesterday morning at 10 o'clock, Judge C. C. Lyon presiding and all other court officers in attendance. Of the jurors summoned for the week the following were excused for reasons satisfactory to the court: E. B. Pleasants, W. L. Jones, Haywood Clark, Archie G. Warren and Martin Rathjen.

The only important case set for trial during the day, that of Gaston D. Phares & Co. against the Clarendon Water Works Company, was continued for the plantiff on account of the absence of Witness Martin Daniels. The case at the last term had been peremptorily set for the first case on the first day of the present term and the defendant was anxious to try, but Judge Lyon ruled that it would be unfair to force the plaintiff into trial without Witness Daniels by whom it is expected to prove that gasolene stored in the place where the fire occurred had been removed.

Case of J. F. Sellers against J. J. Adkins, set for yesterday, was continued until today. Other cases set for the day and continued are: Murchison National Bank against Dunn Oil Mills Co., J. L. Ferguson, Jr., against Jos. H. Hinton and Gaston L. Myers against T. J. Keenan and wife. Case of Murchison National Bank against Dunn Oil Mills Company, and J. D. Barnes.

The case of J. A. Burriss against the City of Wilmington for damages, also set for today, was continued until next Monday.

The case of Thos. J. Keenan and others against the City of Wilmington, involving the title to the rock quarry, was continued and time allowed to file answer. Case of Charles Wessell against the Wilmington Southport and Little River Company, was set for trial on the 14th instant.

The case of Mary A. Lillycrop against the Sovereign Camp, Woodmen of the World, was continued, the Burriss case against the city having been substituted therefor.

Judgment for divorce was entered in case of Mary M. Hall against John Hall and Mary Alice Southerland against Cecil P. Southerland.

MRS BARLOW PASSED AWAY

Death Occurred After Short Illness. Funeral Yesterday.

Following a short illness of a few days, Mrs. Mary Kathrine Barlow, passed away early Sunday morning at her home on South Front street. Her condition had been quite serious from Thursday night and friends and relatives entertained little hope for her recovery. The deceased was 53 years of age and is survived by three children, two daughters and one son, all residents of this city.

The funeral was held from the home yesterday morning at 10 o'clock, conducted by Rev. K. D. Holmes, pastor of Fifth Street Methodist church, and the remains were interred in Bellevue cemetery and the grave covered with beautiful flowers. The pall-bearers were: Messrs. R. A. Burnett, J. W. Hewett, D. W. Willis and W. H. Hardy.

Attend United Lutheran Synod.

Mr. W. W. Koch, of this city, went to Savannah, Ga., yesterday to attend the United Synod of the South as a delegate from the North Carolina Synod of the Lutheran Church. The Chamber of Commerce of Columbia, S. C., entertained the large number of delegates passing through that city last night.

Reception at St. Matthew's Church.

There will be given a reception in the Sunday School parlors of St. Matthew's English Lutheran Church tonight beginning at 8 o'clock to the new members of the congregation. The parents of the Sunday School pupils and members of the church are cordially invited.

NEW YORK CLIMBING

Took First of Series of Games With Boston on Home Grounds Yesterday.

AMERICAN LEAGUE IS CLOSE

Chicago Defeated Detroit and Cleveland Lost One to St. Louis—Season Closes on Wednesday—All Teams Fighting Hard.

National Pennant Race.

Clubs.	W.	L.	Pct.
Chicago	98	55	.641
Pittsburg	98	56	.636
New York	96	55	.636
Philadelphia	81	71	.533
Cincinnati	73	81	.474
Boston	63	89	.416
Brooklyn	53	99	.349
St. Louis	49	105	.318

New York won its game in the National League yesterday with two more to play and the American League race narrowed down to a contest between Chicago and Detroit, Cleveland being eliminated by the victory of St. Louis yesterday.

The best percentage now obtainable by Cleveland is .584. A victory for Detroit tomorrow will give a final percentage of .588, while Chicago, by defeating Detroit, will gain the flag with a percentage of .586.

Rain is predicted for Chicago tomorrow and in the event of a "no contest" or tie game, Detroit would again be the pennant winner with its present percentage of .586.

A postponed or tied game tomorrow between Chicago and Detroit may be played off on Wednesday, but unless a special agreement is reached, cannot be played later. The directors had been in executive session for one and a half hours, no one being present besides the three directors and their stenographers.

Almost the entire day was consumed in hearing the reading of affidavits of players participating in the disputed game. John T. Brush, of the New York Club, alone consumed an hour and a half in this manner. The most important of these affidavits, was one by Fred Merkle, declaring that when ten feet from second base, he turned and started for the club house, but hearing Evers call for the ball, he stopped and touched second base.

Neither President Murphy, of the Chicago Club, or President Dreyfus of the Pittsburg Club, were permitted to take part in the deliberations of the Board.

New York, Oct. 5.—The local fans crowded every inch of space inside the Polo grounds today and cheered the New York team all the way to a very decisive victory over Boston by 8 to 1. Ames pitched the game of his career, holding the visitors to one hit in seven innings. McGinnity pitched the other two innings.

Boston .. ..000 000 011—1 2 1
New York .. ...002 000 60x—8 7 3

Tuckey, McCarthy and Bowerman; Ames, McGinnity and Bresnahan and Needham. Time 1:40. Umpires Klem and Johnstone.

Philadelphia, Oct. 5.—Brooklyn broke even with Philadelphia in a double header here today. The Score:

Brooklyn .. ....000 040 002—6 13 5
Philadelphia .. .001 000 000—1 4 1

Wilhelm and Dunn; Foxen, Sparks and Jacklitsch. Time 1.50. Umpire Lanigan.

Second Game:—

Brooklyn .. ..010 000 010—2 7 2
Philadelphia .. .103 000 00x—4 11 0

McIntyre and Dunn; Moore and Dooin. Time 1.45. Umpire Lanigan.

The American League.

Chicago, Oct. 5.—Chicago today advanced within striking distance of the American League pennant by defeating Detroit 6 to 1 in the second game of the crucial series, while Cleveland, the other contender for the flag, dropped their first game of a double-header to St. Louis in the latter city.

Walsh and Summers appeared on the pitching line for the opposing teams. The former pitched a remarkable game and had the Detroit team at his mercy throughout, while Summers was hit opportunely and retired from the game in the sixth inning, giving way to Mullin, who batted for him and then finished the contest. Score:

Chicago .. ..0-0 310 10x—6 11 1
Detroit .. ..000 001 000—1 4 1

Walsh and Sullivan; Summers, Mullin and Schmidt. Time 1.45. Umpires Sheridan and Connolly.

St. Louis, Oct. 5.—Cleveland was all but eliminated from the American League race today by losing the first game of a double header with St. Louis 3 to 1. An error by La Joie, followed by an error by Bradley in the sixth, paved the way for the two runs that eventually won today's first game. Before these errors were made, the score was tied 1 to 1. Deneen was in excellent form.

With Foster pitching, Cleveland took the second game, 5 to 3. Cleveland bunched hits off Howell at will. Scores:

St. Louis .. ....100 002 00x—3 9 3
Cleveland .. ....000 010 000—1 4 2

WILLIAM H. BERNARD.

A CALL FOR CAMPAIGN SUBSCRIPTIONS.

The Star will receive and acknowledge contributions to the Democratic National Campaign Fund in any amount from one dollar upward, forwarding same promptly to the treasurer of the Campaign Committee.

Thousands of good Democrats in North Carolina should esteem it a privilege to contribute their portion to the success of the party.

THE GOVERNOR SHOULD ACT PROMPTLY.

When it was announced not long ago that the owner of a public cotton gin near Gastonia had received notice that he must stop ginning or his plant would be burned it was contended by some newspapers that there was no cause for alarm; that the threatening notice was given by some irresponsible person who had no intention of carrying out the threat. Still the owner of the gin saw fit to provide a permanent guard for protection of his property.

Since then there comes news of the burning of a public gin near Cary in Wake county, with the rumor that the fire was of incendiary origin, and that notices had been sent to the owner and also posted on the gin that it would be burned if the ginning of cotton was not stopped.

Again come reports from Reidsville that tobacco growers in Caswell county are threatened with the same treatment as those received in Kentucky a short while ago if they persist in curing their tobacco and putting it on the market.

Here we have threats made against gin owners and tobacco growers; one gin is burned under suspicious circumstances after the owner had been warned to shut down under penalty of having his property destroyed if he did not do so.

We say it is time these matters were being looked into and the truth found out. Putting all these recent events together it looks as if there was a preconcerted plan to inaugurate such condition of affairs as has brought disgrace upon the State of Kentucky and which seems to be in its incipiency in States to the south of us.

Is Governor Glenn doing anything to probe this matter and check the proposed lawless conduct if such is in contemplation? If he has taken any action he has failed to let the public know it. So far as we have heard he has failed to let it be known that he has taken cognizance of these unlawful proceedings which, if not checked by the strong arm of the law, bid fair to produce a reign of anarchy in some sections of the State. We hold that this matter deserves more attention from the Chief Executive officer than the Democratic campaign. There are plenty of other men in the State to attend to the latter, but the Governor as head of the executive department is the one to take action when such grave conditions threaten the peace and welfare of our people. Our Governor is strenuous in many things; let him be strenuous in this and by thorough investigation show the people that they have nothing to fear, or unearth the plots and bring to punishment the guilty men, and we hope if he finds it necessary to pursue the latter cause he will be more successful than he was in the horrible lynchings which accurred in Salisbury and Wadesboro since the beginning of his administration. The Governor should act and act promptly in suppression of the threatened lawlessness.

IMPORTANCE OF REGISTRATION.

The registration books are now open and will remain so until the 24th inst. Every Democrat who has not registered should make a point of doing so at once. Even those who have been in the habit of voting in past elections should see that their names have not, by some accident, been taken from the books. You can't vote unless your name is on the book on election day no matter how often you have voted in former elections. In transcribing and purging the books by the registrars, as is required by the law, there is possibility of some names being wrongly erased. There is still another important matter connected with registration which should be attended to by those whom it directly concerns—that class of white voters who come under the grandfather clause in the section of the State constitution on the suffrage. Those who cannot read and write, if they have not heretofore secured a certificate from their registrar under that constitutional provision and had their names put on the "permanent roll" in the office of the clerk of the Superior Court in their respective counties—no matter if they had been voting regularly in the past—must secure such certificate from the registrar and have it entered on the "permanent roll" or they will be barred from voting in all future elections. To be on the safe side such certificates should be secured before the registration books are closed on the 24th instant, for it may be that the registrars would have no right to issue them after the time designated for closing the books.

We do not want any white man in this State to be deprived of his right to vote; and for that reason we again call attention to this matter and urge all who will come under that restrictive provision of the constitution to make a point of attending to this matter at the earliest moment possible so there can be no chance of it being neglected until it is too late.

REPUBLICAN CHANGE OF TACTICS

Evidently Taft has found out that he was losing ground in the presidential campaign by permitting himself to be posed as Roosevelt's candidate and not acting more strenuously in his own behalf. Of late he has begun to bestir himself and enter more vigorously into the conduct of his own canvass. He has begun to put some life into his speeches just as Roosevelt begins to figure less prominently. The Republican campaign managers have begun to see the overmastering aggressivness of the President and the corresponding inertness of the candidate were hurting the latter's cause. We wish they had not seen it so soon on that seeing it they had not been able to curb Roosevelt in his determination to run his candidate's campaign according to his own ideas, for such course was making votes for Bryan every day. Now that Taft has come more to the front and started a more vigorous canvass in his own behalf it is not likely that the Democratic candidate's strength will continue to grow as rapidly in the Western States where votes are so much needed to give him the victory. But Roosevelt has already done his candidate's cause great harm by the course he has pursued and it is questionable if the damage can be repaired by the time of the election. Had the former course been continued up to election day Democratic success would have been assured, but as it is there are still good prospects of Bryan's election.

In World's Work for October appears the first chapter of John D. Rockefeller's Remeniscences of Men and Events." It is in the nature of an autobiography. Many people will read it with interest and a great many more out of curiosity. Under the general heading "The March of Events" there are articles on timely topics connected with the politics and the Governmental affairs of the Nation. There are other articles on topics of interest to those who wish to keep up with the progress of events the world over. This splendid magazine is published by Doubleday, Page & Co. at 133 East Sixteenth street, New York City, at three dollars a year or thirty-five cents per simple copy.

The October Review of Reviews has three important illustrated articles dealing with the Presidential contest, —"Mr. Bryan's Third Campaign," by Josephus Daniels, chairman of the Democratic National Committee's press bureau; "The Management of the Taft Campaign," by Walter Wellman; and "Chairman Frank Harris Hitchcock," by Snell Smith.

CURRENT COMMENT

—Colonel Stewart is to be brought before an examining board at last. Somebody's shafts have been keen enough to pierce the hide of the war chief and his head executioner. If the colonel stands the tests it is presumable he may be restored to duty. True the board may give him a raw deal and so conform to the well known wishes of the department. But even so he will have saved the point of honor; and even enforced and illegal retirement will be better than the exile and torture so long imposed by brutal power.—Norfolk Virginian Pilot.

—The campaign text book, issued by authority of the Democratic National Committee is pronounced by so competent a judge as Mr. Bryan to be the best campaign document ever issued by any party. Every Democrat ought to have a copy, the price being only twenty-five cents and may be obtained by addressing "Text Book Department Democratic National Committee, Auditorium Annex, Chicago." It is very gratifying to the many friends of Mr. Josephus Daniels to know that this valuable document is chiefly his work, and to him should be given the credit of its complication.—Chatham Record.

—In the course of an address before the American Bankers' Association at Denver Wednesday, President Woodrow Wilson, of Princeton, made certain observations that must have caused his hearers to wince. He declared that men today no longer fear the Government, but now fear the power of capital. In other words, this is the age of money rule. Mr. Wilson reminded the bankers that in the public estimation "they stand remote from the laborer and the body of the people, and put whatever comes into their coffers at the disposal of the big captains of industry, the great masters of finance, the corporations which are in the way to crush all competitors." He declared that the most isolated and the most criticised interest of all is banking.—Richmond Journal.

—The National Democratic Executive Committee is showing great wisdom in the selection of men throughout the country to represent various departments of the work being done to insure success for the Democratic party in the coming election. Confident that the platform is such as to provide the very strongest of financial safeguards for the country, the National Committee has authorized the appointment of a Bankers' Committee which will have in charge features of the campaign, and the men appointed on this committee represent the very best financial institutions of this country. The member of the Bankers Committee for North Carolina is Mr. Herbert W. Jackson, of the Commercial National Bank of this city, the President of the North Carolina Bankers' Association. In selecting Mr. Jackson for this position, it is an honor not alone to him, but to the Bankers' Association of the State, which has been most worthily bestowed by the National Committee.—News and Observer.

—Mr. Henry B. Pruden, of Dayton, O., who is described as a retired business man, was in Washington Thursday, and said to a Herald reporter: "They eliminated us and now, if they want to win in Ohio, they will have to do so without the help of Foraker or myself. This is not the first time, however, that Foraker was 'eliminated.' He always comes bacg again, only in better shape and stronger than when he was forced out. Foraker may be thought harmless and out of the way now, but just wait until after the election. Foraker will be stronger than ever, because he is too well known in Ohio, where his friends and supporters are counted by the thousands." It would be a strange thing if Foraker, heretofore popular in his State, has lost all of his strength. Supposing that he has not and that he and his friends should take it into their heads to resent his unloading by the Taft and other administration forces in the practical way of withholding his and their support from Taft next month? Then the candidate and the administration would feel as if they had let a bird go. This defection might give the State to the Democrats. It is by no means certain, anyhow, that Harmon, Democrat, will not be elected Governor or that the Democrats will not carry the Legislature. There are large possibilities in the threat of Mr. Pruden.—Charlotte Observer.

—Do you think you could identify the burglar?" asked the detective from City Hall. "Well, I never saw him," replied the victim, "but he was a very small man." "How do you know?" "Haven't I told you he got into our flat without any trouble?"—Philadelphia Press.

—Wake Forest, Oct. 3.—Dr. Poteat made the public announcement yesterday morning at chapel of a medal to be awarded to the representative of the graduating class making the best oration on commencement day. The medal is established by Mr. A. D. Ward, of New Bern, president of the Wake Forest board of trustees. The enrollment is now 354. Several others are expected soon. There are bright prospects for attaining the much-desired 400 during the year.

Excellent Heart Advice.

Mrs. M. M. Davison, of No. 397 Gifford Ave., San Jose, Cal., says: "The worth of Electric Bitters as a general family remedy, for headache, billiousness and torpor of the liver and bowels is so pronounced that I am prompted to say a word in its favor, for the benefit of those seeking relief from such afflictions. There is more health for the digestive organs in a bottle of Electric Bitters than in any other remedy I know of." Sold under guarantee at R. R. Bellamy's drug store. 50c.

HOUSE WORK

Thousands of American women in our homes are daily sacrificing their lives to duty.

In order to keep the home neat and pretty, the children well dressed and tidy, women overdo. A female weakness or displacement is often brought on and they suffer in silence, drifting along from bad to worse, knowing well that they ought to have help to overcome the pains and aches which daily make life a burden.

It is to these faithful women that

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

comes as a boon and a blessing, as it did to Mrs. F. Ellsworth, of Mayville, N. Y., and to Mrs. W. P. Boyd, of Beaver Falls, Pa., who say:

"I was not able to do my own work, owing to the female trouble from which I suffered. Lydia E. Pinkham's Vegetable Compound helped me wonderfully, and I am so well that I can do as big a day's work as I ever did. I wish every sick woman would try it.

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

For Strength

The Supreme Court Says

in a recent decision about female labor: "The two sexes differ, in structure of body, in the functions to be performed by each, in the amount of physical strength, in the capacity for long-continued labor, etc."

It follows that female weakness, due to these differences in body structure and functions, requires some certain medicine to hit the right spot and that Cardui, the medicine for women, is more likely to be the right thing for women to take, when sick, than a medicine recommended for the two sexes alike.

Try Cardui, for female pain, irregularity, weakness, or misery. It is a specific female remedy, especially recommended for the diseases peculiar to the female sex, a medicine that, in the past 50 years, has benefited over a million—WOMEN.

Try Cardui. Sold everywhere.

It's Up to You

to be our judge, Geo O. Gaylord's Stores have had their Fall opening, and extended the most liberal invitation to everyone to visit and inspect our stock, we will now leave the decision in your hands Judging from the immense crowds that we had both days of the opening, and the number of pleasant compliments paid us on the wealth of merchandise that we had to show and from the way the ladies purchased their early Fall hats, we must pronounce our opening a great success. We say we are cheaper than other stores, not that we carry less desirable goods in style and quality, but there are many reasons why we can sell for less and one of the chief reasons that in this one store there are many stores, each department representing a store within itself. I wish to extend thanks for all the clerks and milliners in the store and myself for the very large attendance that we had, and now down to business. We want to sell you more good than we have ever sold you, and do it, yes, sure we will do it. Our customers have not been buying so many goods through the Summer, and now the 35,000 people that live in this city, and the 50,000 that live in the County need their Fall and Winter supplies. We have just the articles you want, the goods are new, the prices are right. Our Dress Goods Department has just been newly supplied with Panamas', Mohairs, Broadcloth's, Voiles, Peaudesoi Silks, Taffetas and Fall Percales and everything that is new and pretty in that department. Think! We are selling today 36 inch Henrietta at 25c per yard, today twelve months ago it was 50c, Soisete Silks, glossy and serviceable good enough for a queen and only 25c per yard to you. 54 inch Panama in Black $1.00 quality now 65c. $1.25 Peaudesoi Silks for $1.00 per yard today. Standard yard wide Percales only 10c. Beat these prices? **No you can't.**

Our Cloak Department and Tailor made suits has grown so big and strong we can hardly get room for them, just think what we can show you today a beautiful Broadcloth coat, full 50 inches long, made to fit perfect, trimmed enough to be neat, but not loaded with cheap trimmings, last season this coat would easily bring $12.50, today price is $8.00. The Swell coats that we have is some for the few that wants something that nobody else has got, and the kind that is a little better than her neighbors, the only thing that I can describe about them is the price and that is about $25.00 each. Now to the lady that wants a 54 inch coat that looks as good as a neighbors $15.00 coat let her come to us and I will sell it to her for $5.00 or $6.00. The styles, quantity and prices can not be described come and look at them. It does not take much pocket change to buy one, but they are reasonable for all to obtain. Our Tailor Made Suits is the talk of the town, we have won first place in this department from the beginning. If we have not got just the style you want and color you like and size you need why we will order it for you, and all we require is your word that you will take it when it comes. I can't tell it all, every clerk in the store sent a special message for you to come and see them. You know the place, of course you do, The Big Store on Front Street that gives away premiums every day, if you have not got it, get the habit and come early before the plumes are all gone.

THIS KENTUCKIAN ANDES

Makes Wonderful Reputation In Short Time.

A man must be given credit when he can earn a wonderful reputation in three years, such as The Great Andes enjoys. He hails from the Blue Grass of Kentucky, and is said to be a broad minded man, who believes in doing good for his fellow men. The one important thing which has brought him before the public, and given him a national reputation is his famous Medicines: Andes Great Prescription and Oil. He is now making a tour of the leading Southern cities and his lectures on good health are attended by thousands everywhere. The cures effected on Rheumatism, Catarrh of Stomach, Liver, Kidney and Bladder diseases is the talk of the whole South. Here is a sample of one of the great cures.

Mr. J. N. Roberts of 519 Oakdale Ave., Raleigh, N. C., says: I had a stiff knee for five years and had tried several different liniments, endeavoring to cure it but they failed. One of my friends told me of the Great Andes Oil, and what he had seen it do for others with stiff joints. I bought one bottle, cost me 50c. and before I had finished the bottle, noticed the stiffness began to leave. Now after using the whole bottle, I find I can bend and have as good use of my knee as I did five years ago."

Call at our store and we will tell y ou more about these Andes Great Medicines.

Now Is the Time to Advertise in The Star.

The Japs as Jokers.

In the days of the second empire Baron Gros was sent to Japan to demand the opening of certain ports to French commerce. Among the rest he named to the Japanese ministers a certain city. The Japanese functionaries smiled so broadly when he preferred the request that the French ambassador asked them to tell him what gave them so much amusement, but instead of answering the Japanese ministers said:

"We will open the port in question, my lord, if France in her turn will open a certain port to us."

"What port is that?" asked the Frenchman.

"The port of Liverpool."

"But, your excellencies," laughing, "Liverpool is not a French port, but an English one."

"Yes," answered the Japanese, "and the port you named is not in Japan, but in Korea."

The French ambassador was compelled to admit that the joke was against him.—London Answers.

The Submarine Crew.

Not until you have gone down in a submarine and seen the crew at work can you say you have seen the limit to which it is possible to drill human creatures. No crack company of a regiment, no fire company in any of our big cities, not even the engine force on a man-of-war, is under such discipline as the crew of a submarine. The navy department and the men themselves realize that months are required before even the most capable group of ten can be made to work as a unit, perfect as clockwork. There is no time to "break in" crews when once war is declared, and for this reason the submarine service is continually and incessantly in war practice. Practice runs in the ordinary sense do not exist. Each time the boat stands out to sea she goes as if for business, the scenes you see being exactly like those that would be enacted were the vessel bent upon actually sinking an enemy.—St. Nicholas.

No Help Wanted.

Scene, a courtroom. A big, burly artisan is brought in by the bailiff and placed in the dock. He is a regular Hercules in point of stature and is brought up on a charge of assault. It is evidently his first appearance in court.

When he enters the magistrate is busy with his papers, but presently looks up hurriedly and, turning to the prisoner, exclaims:

"Have you engaged any one to defend you?"

"What's that?" asks the prisoner; then, collecting himself, he adds: "I don't want anybody. Come on, any half dozen of you!"—London Answers.

Origin of "Pall Mall."

"Pall Mall (pronounced pell mell) comes from palle maile, an ancient game supposed to have been played on the present site of Pall Mall by Norman monks, by whom it was introduced into England.

The observant Pepys in his famous diary makes mention of it thus:

"April 2, 1661. Into St. James' park, where I saw the Duke of York playing at Pelemele, the first time that ever I saw the sport."

How Britain Trains Her Sons.

Home life in England lacks the intimacy and the charming sentimentality of German family life. The sons of England have to leave home early in life to go out into the wide world and fight for themselves. They become independent, responsible men much earlier than our sons do.—Berliner Tageblatt.

Two Sides.

She—If a man loves his wife as much as she loves him he will stop wasting his money on cigars if she asks him. He—Yes, but if his wife loves him as much as she ought to love a man who loves her enough to stop if she asks him she won't ask him.—Puck.

Gave Him Up.

"The doctors have given Johnson up."

"Dear me, is he as ill as that?"

"No; he's quite well. That's why they've given him up."

A Woman's Back

The Aches and Pains Will Disappear If the Advice of This Wilmington Citizen is Followed.

A woman's back has many aches and pains.

Most times 'tis the kidneys' fault.

Backache is really kidney ache;

That's why Doan's Kidney Pills cure it.

Many Wilmington women know this.

Read what one has to say about it:

Mrs. M. A. Fowler, 226 S. Front St. Wilmington, N. C., says: "You are at liberty to use my testimonial in return for the benefit I received from the use of Doan's Kidney Pills. I suffered a great deal from dull nagging backaches, accompanied by pains in the region of my kidneys. My kidneys were quite weak and caused considerable annoyance by their irregular action: The contents of one box of Doan's Kidney Pills procured from Robert R. Bellamy's drug store stopped the backache and strengthened my kidneys. I have recommended Doan's Kidney Pills to several, of my friends I know them to be a valuable kidney remedy."

RATIONAL CURE FOR ECZEMA.

No More Dosing the Stomach—Cure the Skin through the Skin.

When you have a scratch on your hand you wash it out and cleanse it and then the skin cures itself. You do not take blood medicine to cure a festered wound.

The best skin speciolists today are agreed that the only way to cure the skin is through the skin.

The fact that eczema is a skin disease and not a blood disease is evident from statistics which show that nearly all eczema sufferers are perfectly healthy in all other ways except as to their skin. If the eczema patients were really suffering from an inward malady, the entire body and not only the skin would be diseased.

You can prove immediately the relief of a true skin cure by using oil of wintergreen as compounded in D. D. D. Prescription.

This liquid attacks the disease germs, numbing them while building up the healthy tissue of the skin. We have now handled this meritorious and thoroughly scientific remedy for so long and have seen its reliable result so many times that we freely express our confidence.

BRUTAL ATTACK ON WIFE.

Joe Rhodes, Colored, Locked up For Trial on Serious Charge Last Night.

Joe Rhodes, colored, employed by the Atlantic Coast Line in this city, was locked up at the police station and his wife Annie Rhodes, was sent to the hospital with a fearful contusion on the head and another in the side as the result of a family fight at their home on Fourth, near Taylor streets, last night about 9 o'clock. Sergeant E. J. Grimsley, of the police force, was on his way over to the circus grounds to investigate another matter and heard of the attack on the woman by her husband and sent Officer W. C. Moore to investigate. It was found that the woman had been dealt a stunning blow on the head with some blunt instrument and had been kicked severely in the side. The ambulance was summoned and she was taken to the hospital, where it was stated late last night that the wound in the side might prove fatal. The husband was arrested shortly afterwards by Officer Moore and was committed without bond, pending the result of the woman's injuries.

FLOGGED BY COURT'S ORDER.

Youngsters Corected With the Lash in Wake County.

(Special Star Correspondence.)

Raleigh, N. C., Oct. 5.—This morning in one of the ante-rooms of the Wake county court room the eight white boys found guilty Saturday of a vicious assault upon the colored messenger boy of the A. & M. College here were soundly flogged by their parents in the presence of Sheriff Sears in compliance with an order of Judge Neal, who imposed this sentence in connection with suspending the judgment on the payment of the costs. The judge had not intended to require the whippings but found it so hard to impress upon the boys the seriousness of their offense that he determined to have them flogged. They persisted in laughing at the court proceedings as a huge joke. The sentence to "flogging" had the effect of sobering them considerably.

The boys are Charlie Saunders, Eugene Trader, William Cox, Robert Wynne, Herbert Harris, Charlie Cheek and William Faison.

Sunday Games—National.

Chicago, Oct. 4.—Before a crowd declared to be the largest which ever paid to see a baseball game in the world the attendance having been 30,247, Pittsburg was eliminated from the National pennant race by Chicago in a score of 5 to 2. This was the last game of the season for the two teams while New York has three more, all with Boston. If a single one of these games is lost by the Giants, Chicago will for the third time win the pennant while if she wins all from Boston, she will exactly equal Chicago in the percentage column. Chicago garnered 12 hits off Willis and Camnitz while Brown allowed Pittsburg but seven. This is the story of the game. In the event of a tie between Chicago and New York, Pittsburg wants the play-off game.

Cincinnati, Oct. 4.—The local season closed today, the home team defeating St. Louis 5 to 1. Lobert established a new record of 14 seconds in circling the bases.

Sunday Games-American.

Chicago, Oct. 5.—Chicago defeated Detroit 3 to 1 in the opening game of the fiscal series today. To win the pennant Chicago must win the two remaining games with Detroit while Cleveland must lose one game to St. Louis. St. Louis and Cleveland today played a tie.

Directors in Session.

Cincinnati, O., Oct. 5.—The Board of Directors of the National League adjourned tonight at 10:30 o'clock without having reached a decision on the disputed game of September 23rd between the New York and Chicago clubs.

Mr. Herman stated that the directors had heard all the evidence and had decided to defer their decisions until tomorrow morning at 10 o'clock at which time it will be announce.

LOCAL DOTS.

—The October meeting of the Woman's Auxiliary will be held in the Y. M. C. A. parlors this afternoon at 4 o'clock.

—The Eureka Pressing Club, has been removed from the Smith Building, on Princess street to the quarters vacated by the Chamber of Commerce, in the old Atlantic Bank Building, also on Princess street.

—Mr. J. O. Brock, the electrical engineer and contractor, has removed from the old Court House building to No. 123 Market street, formerly occupied by Mr. J. C. Shepard, the druggist, where he will fit up a handsome place. See announcement elsewhere in today's paper.

—Handsome new quarters in the A. David Building, on North Front street, were occupied by the Chamber of Commerce yesterday. The moving of the furnishing from the old quarters on the first floor of the old Atlantic Bank Building is completed and things will be in ship shape at the new place within a few days.

—The British steamer Battersea Bridge, which cleared Saturday with cargo of cotton for Liverpool, the captain having made satisfactory arrangements for the protection of the ship in the libel brought by a colored boy alleged to have been injured while working about the steamer about ten days ago, sailed yesterday afternoon at 1 o'clock.

—Grand Chancellor Thos H. Webb, of Dunn, N. C., has appointed Capt. T. D. Meares, of this city, as a delegate to represent the Grand Lodge, Knights of Pythias of North Carolina, at the Peace Congress to be held in Greensboro on October 14th. Some of Capt. Meares' friends yesterday were kind enough to suggest that he should be placed on the programme for an address on "The Manly Art of Self Defense" or some other such peaceful subject.

—The following deeds were filed for record yesterday: N. E. Gallagher and wife to William T. Hewett, lot on north side of Meares, 120 feet east of Front street, 35x100 feet in size, consideration $800; John W. and Walter P. Gafford to C. C. Chadbourn, two tracts, parts of lots four, five and six, in block 19, on Mears street; third tract, part of lots two, three and four, block 3, Fourth street and fourth tract, parts of lots five and six, block 20, on Meares street. The price named was $100 and other considerations.

—Rev. J. B. Carpenter, of Richmond, Va., one of the field secretaries of the Sunday School Work of the Southern Presbyterian Church, spent Sunday in Wilmington and was heard with rare pleasure and interest by two large congregations, morning at the First Church and evening at St. Andrew's. Mr. Carpenter arrived Friday from Fayetteville where he conducted a Sunday School institute at the First Presbyterian Church in that city. He is an attractive speaker and is thoroughly aroused to the great importance of Sunday School work.

The Theatre

The indications are that there will be a large audience at the Academy of Music tomorrow to hear the famous Victor's Royal Venetian Band, which comes to Wilmington as the first attraction of a series of four which have been arranged for the benefit of the children's playground movement. This organization is said to be one of exceptional merit, having received the most flattering press notices on its every appearance. Both on account of the excellence of the offering and also because of its worthy purpose, there should be no doubt but that there will be a packed house. Tickets will go on sale this morning at Plummer's.

The Academy will offer this week under the regular management Henry W. Savage's most recent importation, the sensational play, "The Devil," and "On the Bridge at Midnight," the former coming on Friday night and the latter Saturday afternoon and evening.

There will be local interest in the announcement that Mr. S. A. Schloss has purchased and added to his road attractions "A Daughter of America" in which the Countess VonHadtzfeldt is starring this season and which was recently one of the attractions at the Academy here. Mr. Schloss took charge of the company in Raleigh and will greatly strengthen it for the remainder of its tour. It is now being advertised as one of the Fair attractions at Raleigh next week.

"Circus day" apparently had no bad effect on the Crystal Palace from point of attendance yesterday. The new bill was in keeping with the splendid patronage given, because it proved new, bright and snappy and each audience heartily applauded and left praising the show. The bill is said to be one of excellent variety, and is refined and novel. Perhaps, the topliners are the "kids," Percival and Shields. The Great Grey does a decidedly refined and high class musical act. Paris and Deluc do comedy sketch work, and Hal Davis who was substituted for Earle Higley, does a ludicrous and unique blackface turn. Mr. Frank Crommie arrived Sunday from New York and is directing the Palace's orchestra.

Mr. S. A. Schloss, who is owner of the company, yesterday practically decided to bring the big comic opera production "The Runaways" to Wilmington for October 17th, when Davidson and University meet on the Wilmington gridiron for their annual football game. If the "Runaways" come, the dance that was planned in honor of the visiting collegians will be abandoned in favor of the theatre. "The Runaways" will play at Raleigh as one of the State Fair offerings there.

PENDER CONVENTION.

Strong Ticket Nominated for County and Legislative Offices at Burgaw.

(Special Star Correspondence.)

Burgaw, N. C., Oct. 5.—The Democratic Convention was held here today. It was largely attended and very enthusiastic. Mr. W. M. Hand was elected chairman and Mr. R. I. Durham secretary. After the reports of the several committees were made, the convention got down to business and nominated the following ticket:

Senate—E. A. Hawes, Jr.
House—Jos. T. Foy.
Sheriff—W. R. Atkinson.
Register of Deeds—R. I. Durham.
Commissioners—F. P. Flynn, Geo. J. Moore and W. A. Brown.

Mr. T. W. T. Simpson was nominated for surveyor; Mr. H. E. Peden for coroner and Mr. T. V. Bordeaux for standard keeper. The convention was entirely harmonious and the nominations are all considered exceptionally strong. Mr. T. J. Armstrong was called on for a speech and responded briefly and in great shape. Several of the nominees also made brief talks. The town was alive with people on the first Monday and encouraging reports for party success come from everywhere.

Tomorrow a large crowd is again expected here to listen to a joint debate on the political issues of the day between Mr. H. D. Williams, Democratic Presidential elector in this district, and his Republican opponent Maj. Geo. E. Butler. Both are strong speakers and a lively debate is expected.

Injured in Wrestling Match.

While engaged Sunday morning between 7 and 8 o'clock in a playful wrestling match at the convict camp in East Wilmington where he is employed as a guard, Mr. Will L. Smith, of this city, fell to the ground with some violence with Mr. B. G. Gurganius, a fellow guard, and had the misfortune to break his left arm just above the wrist and to dislocate and fracture the elbow. Mr. Smith was brought to the home of his father, Mr. W. R. Smith, at Fifth and Bladen streets, where Drs. Cranmer and Slocum gave him the necessary surgical attention and he is now doing very well. No blame attaches to anyone for the accident.

FIRE AT COMPRESS

Blaze in Coal Bunkers Caused by Spontaneous Combustion.

After removing coal from a large bin in the Champion Compress to the street for an entire day, in an effort to extinguish a fire which originated from spontaneous combustion, the fire department which was summoned yesterday morning by an alarm from Box 21, effective service was rendered in checking its rapid progress but the coal is still on fire. The fire has been burning since early Sunday morning, it being necessary to use streams of water several hours yesterday and intermittently during last night. It is probable that fire will be in the coal for several days yet, but it is not at all dangerous. The loss already amounts to several hundred dollars.

REVIVAL SERVICES.

Are in Progress at Trinity Methodist Church This Week.

The second service of the series of revival meetings which will be in progress throughout the week, was held at Trinity Methodist church last night, with a good sized congregation in attendance. The services will be conducted by the various Methodist ministers of this city, and much interest is being manifested. Last evening Rev. W. E. Hocutt, pastor of Bladen Street Methodist church, preached an able and forceful sermon. Rev. T. A. Smoot, pastor of Grace Methodist Church, will preach this evening the services beginning promptly at 8 o'clock. The public is extended a cordial invitation to attend.

ALDERMEN FAILED TO MEET.

Circus Too Great a Counter Attraction for Board to go up Against.

The circus last night proved too great a counter attraction for the Board of Aldermen, which had to be adjourned by Mayor Springer on account of the lack of a quorum. The regular monthly meeting will be held tonight at 8 o'clock in lieu of the session which should have been held last night. There are no matters of very great interest to come before the Board and only a short session is expected.

ANNOUNCEMENT

We are in our new and handsome Clothing, Furnishing and Hat Store.

212 North Front Street

Between Chestnut and Grace

We are going to make it the best store of its kind you ever stepped into. We realized some time ago that the putting up of a new and modern building in every respect was necessary to take care of our increased business and give the people of Wilmington such a store as their patronage deserves. If you are not already a customer we want to make you one.

It's worth something to have such a clothing store in Wilmington; if you don't find it out tomorrow you'll find it out later. You'll realize the advantage of a place where you can be sure of quality always, where you can count on getting your money's worth. You'll appreciate

HART, SCHAFFNER & MARX CLOTHES.

too; it' worth a good deal to any man to know that the clothes he wears are all wool; a good deal of clothing is being sold now-a-days that's mostly cotton, HART, SCHAFFNER & MARX are masters of style; the tailoring and finish is such as is not equaled by many custom tailors; even the highest priced clothes, to measure, seldom are as good; cheap tailoring is n't in the same class with them.

You'll find our Furnishing Department an "Eye Opener."

NECKWEAR, SHIRTS, HOSIERY, GLOVES,

and little fixings, the very best standard brands.

The new store itself is worth seeing even if you don't buy. Our great day-light first floor for Clothing is the best Clothing salesroom in the city. Drop in on us tomorrow; we'll be "at home," and every day after that.

PHILADELPHIA'S BIRTHDAY

Celebration of the 225th Founding of City—Made a General Holiday. Splendid Parade of Federal and State Troops.

(By Wire to the Morning Star.)

Philadelphia, Oct. 5.—Business in Philadelphia was practically at a standstill today while the citizens gave themsleves over to the celebration of the 225th birthday anniversary of the city. Probably the greatest throng that ever gathered along Broad street witnessed the military parade which called out 20,000 soldiers and sailors of the United States and of the National Guard of Pennsylvania. Major General Frederick D. Grant, commanding the Department of the East, United States army, acted as grand marshal in the imposing pageant.

In addition to this first of the variety of spectacular parades planned in connection with the celebration of Founders Week, there were today a number of incidents and events fraught with historic significance. Tonight the city is ablaze of light.

The day began with a salute of thirteen guns fired from each of the warships in the harbor and the trumpetings of mounted heralds in mediaeval costumes on the plaza of the city hall. Events followed fast from that time until 1 o'clock P. M., when the long military column began to move down North Broad streets from Susquehanna avenue. The regulars of the United States army had the right of the line and were immediately followed by the battlion of blue jackets and sailors from the North Atlantic squadron.

The second division was composed of the entire National Guard of the State and at its head rode Governor Stuart and his staff.

A third division of the parade was made up of veteran organizations some troops from New Jersey and a boy's brigade.

One of the events of the day was of international importance. It was the unveiling of a bronze tablet at the City Hall marking the site of the encampment of the French army under general Rochambau when it halted in this city en route to join General Washington's force at Yorktown . Vicomte de Chambrun, Secretary of the Embassy at Washington, represented the French Ambassador and paid a graceful tribute to America.

WOUNDED ON SUNDAY

Mr. H. H. Rivenbark While on Casual Stroll Sunday, Peppered With Shot

While taking a casual stroll Sunday afternoon back of Mr. Thos. J. Keenan's place in East Wilmington, with his brother and his wife, Mr. H. H. Rivenbark, a well known citizen living at 17th and Market streets was peppered with bird shot from the gun of the owner of the premises who claims to have been shooting at hawks. Mr. Rivenbark and others in the party had stopped to gather some chinquepins growing wild in the vicinity when suddenly there came the report of a gun and he felt a sting back of his neck. He cried out and threw his hand to the back of his neck when a second discharge of the gun peppered his hand. The ambulance was summoned a little later and the slight injuries of Mr. Rivenbark were dressed at the hospital after which he went to his home. A warrant was sworn out for Mr. Kenan charging him with an assault with a deadly weapon and the case was set for a hearing before Justice Furlong yesterday at noon but it was continued until the same hour today.

IMPOSSIBLE TO COME

Hon. John Sharp Williams Telegraphed His Regrets Sunday Afternoon.

On account of having to leave Newbern Sunday night to meet an appointment under the direction of the National Committee in the State of Iowa early this week, Hon. John Sharp Williams telegraphed Sunday afternoon that he would have to decline with much regret the very cordial invitation extended to him to come to Wilmington and speak here on Monday afternoon. This was a keen disappointment to many friends of the distinguished Mississippian in Wilmington. Frequent inquiry was made during the day to know if Mr. Williams would come and there is no doubt but that, in spite of the counter-attraction, he would have been heard by a very large audience.

Mr. Culp to Washington.

Mr. F. B. Culp, who for some years has held the responsible position of master mechanic for the Tidewater Power Company has resigned his position here and has accepted a similar one with the Washington City Electric Railway & Power Company in Washington, D. C. While an employe of the company here he was a most capable and trustworthy man and his friends regret to see him leave. He leaves tonight for Washington, where he will enter upon his new duties immediately.

POST GRADUATE STUDIES.

Dr. N. A. Culbreth Has Returned to Resume His Practice in This City.

Dr. N. A. Culbreth has just returned to the city from a two weeks trip to New York, Washington, Philadelphia and other cities North, a greater portion of his time having been spent in New York where he took post graduate studies in his profession of dental surgery. Dr. Culbreth especially studied cast and porcelain inlay and crown bridge work and also took studies in orthodontia, which is the science of the regulation and formation of the teeth. Dr. Culbreth, already well equipped for his profession, returns to the city well prepared to take care of all cases coming within the scope of his large and growing practice in this city.

Death at Cronly, N. C.

Mr. Wm. J. Cook, an aged and highly respected citizen of Cronly, passed away Sunday night at 11:40 o'clock at his home in that town, in the 71st year of his age. Mr. Cook was preceded to the grave about a year ago by his devoted wife and there are now left to mourn their loss, three sons and three daughters, Mssrs. John and Daniel H. Cook, of Cronly, Mr. William Cook, of Wilmington; Mrs. S. T. Moore, Mrs. D. E. Jones and Miss Drucilla Cook, all of Cronly. Mr. Cook was a devout member of the Presbyterian Church and the community sustains a heavy loss in his death. The funeral will be conducted at 10 A. M. today at Sykes cemetery, near Cronly.

Colored Boy Stabbed.

Yesterday afternoon about 1:30 o'clock in the circus crowds at the car junction at Fourth and Taylor streets, Robert Reid, colored, 12 years of age, a son of Jere Reid, was set upon by several boys of about his own age and severely stabbed three times in the back, once on the cheek and once on the left wrist. He is seriously but not fatally wounded at the hospital to which he was taken in the ambulance for treatment. Former Policeman William Brown happened to be present when the affray occurred and arrested Joe James and William Maultsby, both colored, who were locked up at the police station for trial today.

Mrs. Wohlgsmith Died at Caswell.

The remains of Mrs. Lucy A. Wohlgsmith, mother of the wife of Lieutenant McCleary, whose death occurred at Fort Caswell Sunday morning at 5:30 o'clock, were brought to this city yesterday and will be sent to Leavenworth, Kansas, the former home of the deceased. Mrs. Wohlgsmith's death occurred after a long illness. The remains will be accompanied by relatives and interment will be at the former home in Leavenworth.

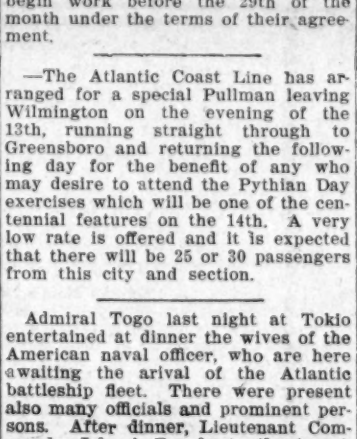
Inspect Inland Water Route.

Capt. Earl I. Brown, U. S. A., and Assistant Engineer R. C. Merritt, of the Corps of Engineers in this district, left yesterday for an inspection of the inland water route from Beaufort, N. C., surveys for which are now being completed. The Maryland Dredging Co., contractors for the route, will begin work before the 29th of the month under the terms of their agreement.

—The Atlantic Coast Line has arranged for a special Pullman leaving Wilmington on the evening of the 13th, running straight through to Greensboro and returning the following day for the benefit of any who may desire to attend the Pythian Day exercises which will be one of the centennial features on the 14th. A very low rate is offered and it is expected that there will be 25 or 30 passengers from this city and section.

Admiral Togo last night at Tokio entertained at dinner the wives of the American naval officer, who are here awaiting the arival of the Atlantic battleship fleet. There were present also many officials and prominent persons. After dinner, Lieutenant Commander John A. Dougherty, the American naval attache, presented Admiral Togo with a silver bowl, the gift of Colonel Thompson, inscribed "A token of esteem, regard and admiration," to which sentiment, Lieutenant Commander Dougherty added, the entire country subscribed. Admiral Togo replied briefly.

There are some people in this country who feel nervous until our battle ship fleet leaves Japanese waters.



Philadelphia's Premier Beauty.

This young lady, the exquisite beauty of whose complexion has aroused the greatest admiration amongst the members of Philadelphia's fashionable younger set, recently confided to a few girl friends the secret of her extraordinary facial loveliness. The secret could not remain one long, and gossip in society circles tells us that this young woman had been greatly annoyed by many dark brown freckles, which obstinately defied removal until she became a user of Nadinola Facial Cream. With its aid, however, she not only quickly and easily banished these unsightly blemishes, but was also rejoiced to find her skin left in every way more beautiful than before—healthy, clear, soft and velvety, with all the freshness and exquisite loveliness of a perfect complexion. Nadinola Cream is sold in every high-class drug store, 50c. and $1.00 the package.

Bad Negro Arrested Last Night.

Will Townsend, an altogether bad negro who fled the county several months ago after engaging in a pistol duel with a white man, a stranger, in front of the market house, on South Front street, was arrested last night in the circus throngs at Hilton Park by Officer W. G. Brinkley and locked up at the police station for an investigation of the case today. It will be recalled that Townsend, after emptying his pistol at the white man in the crowded street, fled through the alley in front of the market house and led a number of policemen a lively but an unsuccessful chase.

Saratoga Chips (Anti-dyspeptic).

Most dishes requiring deep frying are denied the dyspeptic because they are usually fried in lard, and lard does not "agree." The following recipe will be welcomed by those of poor digestion:

Peel the potatoes and slice thin into cold water. Drain well, and dry in a towel. Fry a few at a time in hot Cottolene. Salt as you take them out, and lay them on coarse brown paper for a short time.

The above recipe can be followed without the least fear of disagreeable after effects. The chips will be crisp and dry—not greasy, as when fried in lard. Cottolene contains no hog fat, but is made of purest vegetable oil; it is recommended by physicians generally.

SPIRITS TURPENTINE

—Lenoir, N. C., Oct. 3.—Last night between 11:30 and midnight, after a long illness, Mr. Jethro R. Wilson, one of Lenoir's oldest and most highly esteemed citizens, died at his home. He was in the 74th year and the greater part of his life was spent in Lenoir.

—Greenville, N. C., Oct. 3.—Early last night, near Farmville, Jonas Warren, a white man while on a drunken spree shot and killed his thirteen-year-old son, Ollie. Coroner Laughinghouse held an inquest today and Warren has been committed to jail.

—Raleigh, Oct. 3.—Fire declared to be incendiary last night destroyed F. R. Gray's gin, 43 bales of cotton, several mules and two buildings at Cary, near here. Rural Free Delivery Carrier Ivey says men told him that notice had been sent to Gray and also posted, telling him he must shut his gin down; but Gray has received no such notice.

—Newbern Journal: The destruction of shade trees goes on. There is scarcely a decent looking tree to be found anywhere now on the streets. Even the scrubs are being hacked to pieces and ruined every day. The next generation of New Bernians will have a very poor opinion of the foresight of this one.

—Gaffney, S. C., Oct. 3.—A most wonderful freak of nature has been brought forth on the farm of Mr. John Harmon, who lives near this city. He has a cow that gave birth to a most wonderful calf whose appearance was altogether out of the ordinary. It had two heads—one at each end of its body—two tails, six legs and both sexes were developed. The freak caused quite a little curiosity.

—Gastonia, N. C., Oct. 3.—Ex-Governor Charles B. Aycock spoke twice today in Gaston county, addressing three hundred or more voters at Bessemer City at 2:30 and speaking in the opera house at Gastonia at 8 P. M. The speaker was heard by a good sized audience, among whom were a number of Republicans, and the speech was generally spoken of as one of the most splendid and eloquent presentations of the claims and purposes of Democracy ever heard here.

—Salisbury, N. C., Oct. 3.—Col Walter R. Henry, formerly National Bank Examiner in North Carolina, who is now stumping the State in the interest of Taft and Cox, spoke in Salisbury last night to a large crowd of voters. In discussing the State issues Col. Henry deplored the fact that the Charlotte Republican convention did not favor the old soldier candidates. He made a plea in the interest of J. Elwood Cox for Governor, and for a solid Republican vote for national candidates. He was heard by many Democrats.

—Charlotte Observer: The committee that went to Washington to invite President Roosevelt and Admiral Dewey to attend the North Carolina Peace Congress to be held during the Greensboro centennial and home-coming week returned this morning, and while neither of the distinguished gentlemen accepted the invitation to come to Greensboro and speak on peace, the trip was not altogether fruitless. The committee called at the War Department and secured the promise of a number of additional flags for decorating purposes.

—High Point, N. C., Oct. 3.—The People's Building and Loan Association of this city is in the hands of receivers for 30 days. Mr. F. H. Smith, an expert accountant of Wilmington, has been looking over the books which were found so entangled that the directors thought best to apply for receivership in order to protect stockholders. Judge Jones granted petition and named W. H. Ragan and W. C. Jones as receivers. Hearing will occur October 7th. Those interested believe that the entanglement will be straightened out and in a few days and the association turned over to the officers.

—Spencer, N. C., Oct. 3.—The third victim of the powder magazine explosion at Spencer Thursday night when James T. Cobbel died at the Whitehead-Stokes Sanitarium in Salisbury, was added to the death roll this morning. His body was effectually tattooed by the powder and other explosives which were driven into his flesh and the shock brought death. He was twenty-eight years old and leaves a young wife, who is in a hysterical condition on account of the accident and fears are entertained for her recovery. W. F. Stafford, Will Loftin and George Honeycutt, three other victims of the tragic accident, are in a desperate condition and it is feared they will not survive the shock. Fifteen others injured are rapidly improving.

—Columbia, S. C., Oct. 3.—The wrestling fans being disgusted with the fake match pulled off last night at the theatre between the alleged "Demon" Bartl and Burt Hudson, a man in the audience who claimed to be well acquainted with the genuine Bartl calling bluff by offering to put up $500 that the man on the stage was not Bartl, today swore out a warrant against John Doe alias Demon Bartl and E. C. Finley, of Ohio, his manager, charging them with obtaining money under false pretenses. Hudson was allowed to go, no charges being preferred against him. Finley and his man, however, skipped out of town before they could be arrested. The understanding is they caught a train going to Greenville, where the alleged Bartl is to have another match tonight. The gate receipts last night amounted to $700.

She Likes Good Things.

Mrs. Chas. E. Smith of West Franklin Maine, says: "I like good things and have adopted Dr. King's New Life Pills as our family laxative medicine, because they are good and do their work without making a fuss about it." These painless purifiers sold at R. R. Bellamy's drug store, 25c.

A DISCUSSION OF GREAT INTEREST

Citizens of Wilmington Are Showing Their Appreciation of Lectures.

LARGE AUDIENCE LAST NIGHT

Circus Did Not Detract From Crowd in Attendance at Col. Dillingham's Free Entertainment and Lecture.

The circus caught the small boy last night, but a goodly proportion of Wilmington's adult population attended the performance of Col. Dillingham's Plant Juice entertainers at the corner of Fourth and Castle streets, and showed marked appreciation of every number of the excellent program. The band concert and mirth provoking efforts of the Plant Juice comedians were highly enjoyed, but the feature of the evening that impressed the audience was the able lecture delivry by Mr. Alva A. Mills, Col. Dillingham's accomplished associate and representative.

In his discourse on health and disease last night Mr. Mills devoted himself to the kidneys and in a clear and convincing manner pointed out to his hearers the important character of the functions of these organs. The speaker explained the work of the kidneys in the elimination of poison from the human system, and the dire consequence that follows the failure of these organs to perform their duties, which failure is invariably followed by the appearance of some dangerous form of disease. Mr. Mills called attention to the various symptoms of kidney disease; the pains in the loins and groins; weakness and pains in the back, causing the victim of kidney disease to stoop and seek support for the upper portion of his body at every opportunity; a frequent desire to pass the urine, which is highly colored and causes a scalding pain in its passage, are all unmistakable signs of kidney disease and should be given prompt attention. He explained in detail the efficient manner in which Dillingham's Plant Juice corrected disorders of this nature and called attention to the large number of cases in which Plant Juice has proved its value in the treatment of diseases of the kidneys of which the following statement by Mr. A. P. Phillips, of Emsley, Ala., is an example:

"I have been a sufferer with kidney disease for the past twelve years. There was a weakness in my back and I was unable to straighten up on arising in the morning without severe pains in my back and hips. I bought a bottle of Dillingham's Plant Juice and started to using it according to directions and on the third day I began to feel the relief. I now feel no pain, whatever, and when I get up in the morning I am light and supple. My appetite has improved and I now eat as much at one meal as Iformerly did in two or three. I have used numerous remedies before taking Plant Juice but received no benefit from them and do not hesitate in saying that Plant Juice is the greatest remedy made."

This is the kind of proof of merit that Plant Juice offers those who suffer with diseased kidneys. The fact that it has proved its worth and is sold under a strong guarantee to do all that is claimed for it, has resulted in a demand for the Plant Juice remedies throughout this state that has never been equaled by any other remedy. Its fame has spread to the outlying districts and there is an increase every day in the number of mail orders received by Col. Dillingham and the local dealers.

—Burlington, N. C., Oct. 3.—Walter R. Henry, the great Republican spellbinder and wiley politician, got cold feet at Burlington tonight and after much boasting over wanting to meet a Democrat in joint discussion and after the arrangements had been completed refused to debate with Mr. F. W. Glidewell of Reidsville. Posters were issued and scattered broadcast announcing that Mr. Henry would speak and would challenge and Democratic speaker to meet him in joint debate. News was circulated very assiduously by J. Z. Waller, the leading local Republican politician, that a Democrat would be present to discuss the issues jointly. Finding that this report was being circulated and that on this account a large number of Democrats would be present at the meeting it was arranged that Mr. F. W. Glidewell, of Reidsville, who was in the city, should make a speech in the discussion. A large crowd of both Democrats and Republicans had assembled at Mayor's hall when at the last minute Mr. Henry appeared and refused to debate. The Republicans then went to their headquarters and held a meeting of their own. Mr. Glidewell spoke to a large crowd in the Mayor's hall.

—Reidsville, N. C., Oct. 3.—Outrages similar to the deeds of the night riders in Kentucky are threatened in Caswell county, and the independent tobacco growers, especially in the neighborhood of Purley and Blanche, are greatly alarmed as a result of notices which have been posted on tobacco barns and other places where they might be read. While as yet no deed of violence has been reported, a number of the farmers have grave fears that their crop might be destroyed. The notices appear to have been freely posted for a distance of about eight miles by some unknown parties, and all of them warn the independent growers to pool their tobacco and not sell it at auction on the warehouse floor.

CUSTOMS OFFICIALS.

Those of England Called the Most Obliging and Helpful.

There is no country where the matter of landing from American passenger ships is so easy and so expeditiously done as England, says the Travel Magazine. Of course it is a free trade country, the freest in the whole world. There are duties levied on tobacco and spirits, but travelers are allowed a half pound of tobacco in any shape and a half pint of spirits, which also includes perfume. Sugar is dutiable, whether in grain, sweets or in jam, but a small quantity is freely passed. In all cases, however, these goods must be the actual property of the passenger and be for his use and control. Cocoa, coffee and tea are also dutiable, as are reprints of English books. Outside of these things, as named, passengers can bring in anything—motors, cycles, horses, but not dogs, which animals a not to exceed six months' quarantine awaits. Keep dogs on the American side. The customs officials are life appointees—under the civil service—and will be found most obliging and helpful. In fact, they are a model to the customs world. Tell the truth at all times to these officials and you will be all right. They are marvelously keen on spotting the supposedly smart liar. Lying doesn't pay "annyhow, Hinnessy!" at home or abroad.

TESTATORS' LAST WISHES.

Strange Requests Regarding the Arrangement of Funerals.

Sir James Colquhoun's desire to be buried in full evening dress costume recalls, says the London Standard, curious last wishes of other testators.

George Herring directed that his remains should lie beneath a sundial at the Haven of Rest, Maidenhead. Queen Victoria planned the entire programme for her funeral, even choosing the music to be played, the anthems to be sung.

A couple of months ago a young lady who died at Reigate on the eve of her wedding was buried in her bridal dress, the friends who were to have been her bridesmaids attending the funeral in the gowns which they should have worn at the wedding and carrying in place of wreaths the wedding bouquets.

More singular was the funeral of Major General Algernon Stewart at Hascombe, Surrey. The coffin was drawn to the grave by the dead man's horse. The mourners walked, and the bearers wore old fashioned smocks, each with its collar adorned with a text. The same men appeared in their mourning garments at the church service on the following Sunday.

Disqualified.

Although Mrs. Harlow loved her husband and admired what she considered his good points, it was a never ending source of amazement to her that he had been chosen to fill the office of mayor for three successive terms.

"Everybody knows how much I think of James," she said in a dazed way to one of her husband's cousins. "I always said and always should say that he is as good as gold. But if you'll tell me whether you think a man who is color blind and who brings home toys that won't go when you wind them and who still thinks I could like olives if I'd only try is fit for such a position why, all I can say is I don't." —Youth's Companion.

A Chinese Idea of Foreigners.

The following is a quite modern Chinese conception of the foreigners' treatment of infectious cases: "If an epidemic broke out two foreigners took the sick away and put them in a little room, washed them with lime water and then locked them up so that no one could see them on purpose that they might soon die and not propagate the disease. Wives and children might cry and weep, but the foreigner would but drive them away with sticks, for until dead no one must see those faces again. Better for all of us to jump into the sea than submit to this."—South China Post.

Antiquity of an Old Tune.

When Napoleon's army was in Egypt in 1799 and the band struck up the tune which in England is set to the song "We Won't Go Home Till Morning" its effect on the Bedouins was electrical. They leaped and shouted and embraced one another deliriously. They averred that they were listening to the oldest and most popular tune of their people. It is thought that the tune was brought to Europe from the dark continent in the eleventh century by the Crusaders.—St. James' Gazette.

The Appetite.

"The appetite," said the physician, "is always a consideration of great importance."

"Yes," answered the man who is painfully economical. "If you have a poor one you worry about your health, and if you have a good one you worry about the expense."—Washington Star.

In Ignorance.

"Your husband seems to have an exalted opinion of you," remarked the bride's aunt. "He says you are his right hand."

"Yes," rejoined the young wife, with a sigh, "but he's one of those men who never let their right hand know what their left hand does."

Wrong Man.

"You understand," said the captain, "that we want a secretary who is thoroughly accustomed to managing men."

"In that case," answered the applicant sadly, "I'm afraid it's not me you want, but my wife."

Money does all things. It makes honest men and knaves, fools and philosophers.—L'Estrange.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, Oct. 5.—The cotton market was easier again today and closed barely steady at a net decline of 10 to 14 points. Sales were at 170,000 bales.

The market opened steady at a decline of 3 to 4 points and after some little irregularity increased the loss to a matter of 8 to 10 points under southern selling, a lower Liverpool market than expected and good weather over the week end. Realizing by shorts caused a slight reaction during the middle session but the market weakened again in the late trading and closed at practically the lowest prices of the day. Private cables reported no improvement in the Manchester labor situation and attributed the decline in the English market to an insufficient demand to absorb hedge-selling. No rain of consequence was reported in the south over Sunday, and temperatures were higher, suggesting a rapid progress with picking and ginning while it is believed that there had been a considerable falling off in the volume of spot demand since the completion of September engagements. A good deal of the business represented buying December against sales of later months on expectations of an increased December premium.

Receipts at the ports today were 51,723 bales, against 54,010 last week and 44,750 last year; for the week 375,000, against 338,122 last week and 241,529 last year. Today's receipts at New Orleans, were 7,472 bales against 5,880 last year and at Houston 14,089 bales, against 9,472 last year.

Spot cotton closed quiet, 10 points down; middling uplands 9.05; middling gulf 9.30; sales 450.

Futures opened steady and closed barely steady.

DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, Oct. 5.—The drygoods market was generally quiet for the day. Cotton goods for printers and converters uses are a little more active. Yarns are quiet and fairly firm. Dress goods are active for spot delivery when certain fabrics can be had. Raw silk easy. Silk piece goods are selling better.

NEW YORK STOCK MARKET.

(By Wire to the Morning Star.)

New York, Oct. 5.—Prices of stocks fluctuated wildly today and showed the unsettling of strong conflicting forces. On the one hand was the acute crisis developed in the nearer eastern question, and on the other the tonic effect of the striking upward movement in the Hill stocks. It was noticeable that while prices recovered readily from the opening break caused by the Bulgarian war prospect there was much more hesitation in following the further recovery over the level in sympathy with the strength in the Hills, and weakness was renewed at the last.

This was ascribed to the individual causes supposed to be back of the Hill movement which, it was feared might leave the general list unresponsive. The Northern Pacific "melon cutting" rumors were revived in full force and were responsible for the buoyant rise in that stock and in great Northern preferred.

The late reaction owed something to the fear of further effects from the Balkan outbreak. A curtailment in the market for cotton might be supposed and the weakness in the cotton price was a reflection of this. On the other hand a quickened demand for our breadstuffs could be assumed. The effect of this assumption on the price of wheat was offset by the news of the heavy movement of grain to markets and favorable crop news. The closing tone was much unsettled and weak.

Bonds were irregular. Total sales, par value, were $3,490,000. United States bonds were unchanged on call. Total sales of stocks today were 918,600 shares.

FINANCIAL MARKET.

Belle of Virginia Rye deserves its name, and the name is certainly one of distinction and old-time aristocracy. It's a whiskey we are proud of on account of its purity and high quality and its hosts of admiring friends who will drink nothing else. Belle of Virginia is a blend—a scientific, uniform blend of pure, old goods. It's a whiskey with a flavor, and a fine, invigorating after-effect long to be remembered by those who drink it. Try it and you will make no mistake.

Sold at the places where gentlemen go to get a drink.

CANDIDATE KERN TO TAR HEELS

The Democratic Nominee For Vice President in Asheville.

ADDRESSES IMMENSE CROWD

Speaks of Similarity of Third Term Idea and the President Dictating His Own Successor—Greeted gy Large Procession.

(By Wire to the Morning Star.)

Asheville, N. C., Oct. 5.—"Patriotic men everywhere will agree with me that the third term idea is no more hateful to the minds of the American people than that the President of this great nation shall undertake to name and dictate his own successor."

Before one of the largest and most demonstrative audiences that has greeted him on his speaking campaign through the South, John W. Kern, Bryan's running mate on the National Democratic ticket in these words arranged the President and the leaders of the Republican campaign at a rally of North Carolina Democrats here today.

He declared that he saw in recent utterances of Congressman Nicholas Longworth the plan of President Roosevelt to insure his return to the White House in 1916. He contrasted the course of the Republican leaders, which he described as merely an evasion of popular antipathy to a third term, with the declaration of Mr. Bryan that if elected he would not again be a candidate, and brought the audience to its feet with a eulogy of Bryan as a candidate whose nomination was "demanded by all patriotic Americans."

Mr. Kern spoke in the large auditorium, which was crowded to its greatest capacity. The speaking was preceeded by a parade of carriages and horsemen through the streets, which Governor Glenn, of North Carolina, said was the greatest political demonstration in this State since 1896. A striking feature was the presence of several hundred mountaineers on farm mules who had ridden miles from surrounding counties to attend.

Mr. Kern's speech followed a short introductory address by Governor Glenn and at its conclusion the audience stood and sang a verse of "The Old North State."

Col. J. Hamilton Lewis, of Chicago, closed the meeting with a characteristic address, which held the attention of the audience for an hour.

"All men are agreed," said Mr. Kern, "that we have fallen upon evil times—that a great danger threatens our very existence as a nation. This fact is not denied even by the Republican party managers."

He referred to the Republican platform which, he said, contained suggestions for remedies which were acknowledged of the existence of evils "born of Republican misrule," and continued: "After having shown their powerlessness to cope with this menace to human liberties the Republican leaders now ask to be continued in power, promising that if given four years more they will do what they have long neglected to do.

"It is indeed a peculiar campaign—the leader on one side chosen by the President of the United States and on the other a man whose candidacy was born of the common people of the land."

Mr. Kern went on to point out what he termed the futile efforts of Mr. Roosevelt to effect reforms, which efforts, he said, were thwarted by the Speaker of the House of Representatives, and a "dominant cotorie in the Senate" and concluded: "If the imperious Roosevelt was powerless in their grasp what can we expect of Taft when Roosevelt is away on that hunting trip in Africa?"

Mr. Kern will leave tomorrow morning for Greensboro and will speak tomorrow afternoon at Guilford Battle Ground.

THE PRESIDENT'S AID ASKED

In settling Inter-State Freight Rates From Alabama.

(By Wire to the Morning Star.)

Washington, Oct. 5.—Shipment of Alabama cotton to Liverpool can be made cheaper than to the New England mills as a result of the railroad rate increase, declared Governor Comer, of that State, at a protracted conference today with the President and Attorney Bonaparte. Governor Comer appealed to the administration to take a hand in the legal controversy growing out of the injunction now preventing the enforcement of the rate laws of Alabama against railroads so far as inter-State shipments are concerned, and it is believed the Attorney General will take under consideration plans by which the Government may take up the matter under its own rate laws.

IN COLONEL STEWART'S CASE

The Medical Boards Declares Him Unfit For Service.

(By Wire to the Morning Star.)

Washington, Oct., 5.—The medical board of army officers in the case of Colonel William F. Stewart, U. S. A., placed in command of the ungarrisoned post at Fort Grant, Ariz., by President Roosevelt, today reported that officer incapacitated for active service. The report follows:

"We are of the opinion that this officer is plainly incapacitated for active service on account of heart disease which he first exhibited 34 years ago."

This action does not end the case. Colonel Stewart will present testimony and produce witnesses of his own before a retiring board.

THE WAR CLOUD IN THE EAST

The Situation in The Balkans Still Considered Threatening.

FRANCE ACTS AS MEDIATOR

Concert of Action of Powers Sought to Prevent Hostilities—Opposition of Cintending Parties in Turkey—Bulgarian Anxious.

(By Cable to the Morning Star.)

London, Oct. 5.—In the ancient capitol of Tirnovo, the independence of Bulgaria was proclaimed today, with the Czar of the Bulgarians as a ruler. Czar of the Bulgarians is recognized to mean more than Czar of Bulgaria, because it is a distinct intimation that he regards his country as having sovereignty over all the people of that blood in the near East. Within a day or two Austria-Hungary which has been working with Prince Ferdinand in this preconcerted plan, will proclaim the new status of Bosnia and Herzegovina.

The question which has been stirring the whole of Europe more deeply than any similar question within the memory of the present generation is, does it mean war? From all the capitals tonight come reports, indicating that it means, first of all, another European Congress of the signers of the Treaty of Berlin to consider the situation and probably to revise the treaty. Turkey caught in a moment of weakness, is the victim of this situation, while some international animosities which have been stirred up probably no power is willing to make war.

Reports from the emancipated Turkish press to London indicate that the "Young Turks" will swallow this bitter pill as best they can and, if they do, naturally the Bulgarians while willing and eager for war, will have no cause on which to base the beginning of hostilities.

PARKER IN MARYLAND.

Charges Roosevelt With Receiving $100,000 From Standard Oil.

(By Wire to the Morning Star.)

Baltimore, Oct. 5.—When President Roosevelt so sweeping condemned Haskell for his alleged connection with Standard Oil he perhaps forgot that in 1904 his (Roosevelt's) committee, received $100,000 from the Standard Oil Company for the campaign fund, and spent it."

This statement by Judge Alton B. Parker, of New York, brought to their feet in a burst of wild applause 6,000 Democrats who assembled tonight in Richmond Market hall to hear him, Senator John W. Daniel, of Virginia; A. C. Bacon, of New York and others discussed the issues of the campaign.

"And when Chairman George B. Cortelyou, of the National Committee in that year went to the Standard Oil Company by appointment to ask for money for the campaign fund," continued Judge Parker, "He was not satisfied with $100,000, but wanted more. It may be true that Roosevelt wrote to Cortelyou telling him to send that $100,000 back to Standard Oil but it is equally true that Cortelyou did not send it back, but used it. And it is also true that he was never punished by Roosevelt for not sending the money back. On the contrary he was rewarded by being made postmaster general of the United States and afterward secretary of the treasury."

Senator Isador Rayner in that reducing Judge Parker gave, among other reasons why Bryan's election is to be desired that "he is so little like Roosevelt."

DANIELS TO BONAPART.

Another Letter to the Attorney General on Trust Prosecutions.

(By Wire to the Morning Star.)

Chicago, Oct. 5.—Addressing an open letter to Attorney General Bonaparte tonight, Josephus Daniels, chairman of the publicity bureau of the Democratic National committee asserts that the Attorney General in his recent reply to the inquiry for a statement showing how many trusts doing business in the United States had been prosecuted by the department of justice, did not furnish the information desired, but, instead, confused the prosecutions under the Sherman anti-trust law, with the prosecutions of railroads and individuals under the acts.

Mr. Daniels submits to the attorney general four questions, as follows:

"1. How many of the 287 trusts, giving names, doing business in the United States have been prosecuted by the present administration?

"2. How many of these trusts, naming them separately, have been fined, and the separate amounts?

"3. After a trust has been fined, what other steps have been taken to prevent its continuing its illegal practices for which it was forced to pay the penalty?

"4. How many of the officials of these 287 trusts have been criminally prosecuted, and how many have been convicted, and the term of imprisonment, giving the names of each person who has been imprisoned for violating the laws?"

HASKELL QUERIES THE PRESIDENT

Desires Explanation Regarding Lease of Ozaga Indian Bands to Oil Trust.

OPEN LETTER TO ROOSEVELT

Charges That the President Refused to Consult to Consult with Osage Indians While Negotiating With Standard Oil Agents.

(By Wire to the Morning Star.)

Guthrie, Okla., Oct. 5.—In an open letter addressed to President Roosevelt today, Governor C. H. Haskell, asks the President to explain certain transactions in connection with the granting of a lease on 680,000 acres of Ozage Indian lands to the Prairie Oil and Gas Company, in July 1906. Governor Haskell says in part:

"In a recent communication I requested of you information concerning the granting of a lease in July 1906 to the Indian Territory Illuminating Oil Company, a Standard Oil Company subordinate, on 680,000 acres of land belonging to the Ozage Indian tribe in this State. In otherwise answering that communication you entirely omit this important question. From careful investigation, however, the facts as they appear to me are as follows:

"In 1896 a lease was made by the Washington authorities to one Edwin B. Foster, covering practically the entire Osage nation. At that time there was no oil production or development probably nearer than the State of Indiana so that the lease was made for so long a period as ten years in order to give time for development. Foster transferred his rights to the above named Company."

Continuing Governor Haskell traces the development of the oil land leasing industry as affected by regulations promulgated by Congress with the intention of showing how the granting of a lease on such an immense area of land as 680,000 acres was virtually the creation of a monopoly.

"In regard to the passage in 1905 of a rider on the general appropriation bill authorizing the President to make a new or extended lease, the letter relates that a number of conferences were held between President Roosevelt and Messrs. Guffey and Barnsdale, of Pennsylvania, Standard Oil agents.

Governor Haskell charges the President with refusing to grant Osage Indian representatives a consultation with negotiating at length with Standard Oil agents. The letter continues:

"It is a low estimate, Mr. President, to say that you should have obtained for them (the Indians) a one-sixth royalty of the production and in addition to that a very moderate estimate, at least $7,000,000 cash bonus, or a greater equivalent royalty; and then their sub-leasing to actual operators in small tracts would have left the Standard Oil Company a handsome profit, indeed, a fabulous sum beyond the comprehension of ordinary minds.

"Did you get them any such sums? No; you got them only a bare one-eight royalty.

"While you are the chief guardian of this particular prosperity of these Osages, I, sir, am Governor of Oklahoma, of which State these Indians are citizens and entitled to the best protection I can give their interests, it is my duty to see to it to the fullest extent possible that no citizen or aggregation of citizens of my State shall suffer from indiscretion or bad judgment of any guardian of their prosperity. I therefore insist, that without unreasonable delay I may be advised as to the correctness of the above facts; and in behalf of our people, the Osages, I demand a revocation of such unwarranted and unjust lease, and I beg to advise you now that since this has become my official duty I shall bring it before the next Congress of the United States unless there is a clear showing that my people have not been unfairly treated.

(Signed.) "Sincerely yours,
"C. N. HASKELL."

ROOSEVELT NOT TO CANVASS

Positive Denial That he Will Take the Stump.

(By Wire to the Morning Star.)

Washington, Oct. 5.—"President Roosevelt at present has no intention of taking the stump in behalf of Mr. Taft," is the way in which persistent reports to the effect that he was to make a speaking tour in favor of the candidacy of the Republican nominee are now denied at the White House The latest story on this subject is that received at Lincoln, Neb., yesterday by Mr. Bryan that the President intended taking the stump and was planning to make at least six speeches on a tour across the country, terminating at San Francisco. This information seemed to have reached Mr. Bryan from persons in the East upon whom reliance could be placed.

LONGWORTH MAKES DENIAL

Of the Charge That in a Public Speech He Had Predicted Roosevelt's Return to the Presidency Eight Years Hence—Remarks.

(By Wire to the Morning Star.)

Cincinnati, O., Oct. 5.—Congressman Nicholas Longworth, who was in Cincinnati today en route East, where he will continue his speaking tour, denounced as a campaign lie the widely printed story that in a speech at Rock Island, Illinois, he proposed that after Judge Taft had served two terms as President President Roosevelt would again be a candidate for the Presidency. Congressman Longworth's statement in full follows:

"The facts of the case are: At a meeting at Rock Island, Illinois, I was introduced by the chairman of the meeting as a son of Ohio, and since Ohio seemed to be determined to break the record as a mother of Presidents he said in a jocular vein, that I probably would be a candidate sometime myself.

"Replying in similar vein I said that I was not there as a candidate for any office. I was there to speak of the present and to advocate the election of Judge Taft for President, not in the future but now. I said that I believed confidently that Judge Taft would be elected President and that his administration would be so wise and beneficial to the people that they would demand that he would serve them another term. After that, I said, Ohio would not be selfish and would yield to some other State—perhaps New York—to nominate the next President.

"I had no particular candidate in mind, New York first coming into my mind because of the presence of Mr. Sherman on the platform.

"At that point many people shouted 'Roosevelt,' and the audience cheered his name loudly.

"I am not surprised that some Democratic neswpaper should have taken this up, because the Democratic party is most anxious to distract the people's attention from the issues of today and talk about either the remote future or the dim past.

"The story that I commented upon my alleged prediction and said it would be approved by the President is absolutely false. I have never even thought of, much less mentioned, this incident."
